August 2011

The monthly newsletter of the San Diego Bonsai Club, San Diego, CA.

Message From the President

As most of you know, SDBC was established 46 years ago. During these years, many dedicated volunteers have worked very hard to bring the club to the point where it is now, which is to be one of the biggest and most successful clubs in the nation. Also by opening our new pavilion, we have made a mark in history.

All of the volunteers have a variety of backgrounds from culture and profession, and even a different view of the art of bonsai. But we all have the same goal, which is to enjoy the art of bonsai and push the club to the highest point of success. From time to time, there are also low points in our club history over disagreements in how we conduct SDBC business. As a result, some folks stay and continue the challenge, while others decide to leave and someone else will step in to continue the tasks. Being a board member is a voluntary activity, and the board members have a right to leave or stay. In the last two months, we lost two of our board members. Jim Rendina, First VP, resigned from his position. Jim did a lot for our club. He did a wonderful job as our librarian and we are all sorry that we lost him, but we will always remember him. Next, Joyce Goldman our secretary, resigned at the last club meeting. She is a very hard worker and always kept our board and club meetings in order. We will miss her at our board meetings, and we wish her the best. I hope that she has the time to enjoy bonsai in the near future.

Dave Rochester has accepted the offer of First VP for the rest of 2011 until next election and I am 100 % sure that he will do a great job as he has in many other capacities in the past. We are looking for a member to fill up our club secretary's position and also we need Fall Show Chair. Please let me know if you are considering any of these roles.

We try very hard and we pay lots of money to bring bonsai artists from different areas and with different talents and views to our club meeting demonstration. We usually start our club meeting at 10:30 AM, which goes for half an hour. At 11:00 AM, we start our program, and amazingly by 12:00 PM every body get impatient and asks for the food and raffle. Starting our August meeting, the program will start at 11:00 AM and will proceed to 1:00 PM. After one o'clock, we will start the food and raffle. This way, we will have enough time to allow our demonstrator to go complete their routine, and will also us to focus on observing, asking questions, and self learning. Please make plans ahead of time, to support our new schedule.

I do appreciate all our club volunteers, past and present, for doing such wonderful job for our club. You will always be remembered.

Keep In Mind "Bonsai Is Our Hobby".

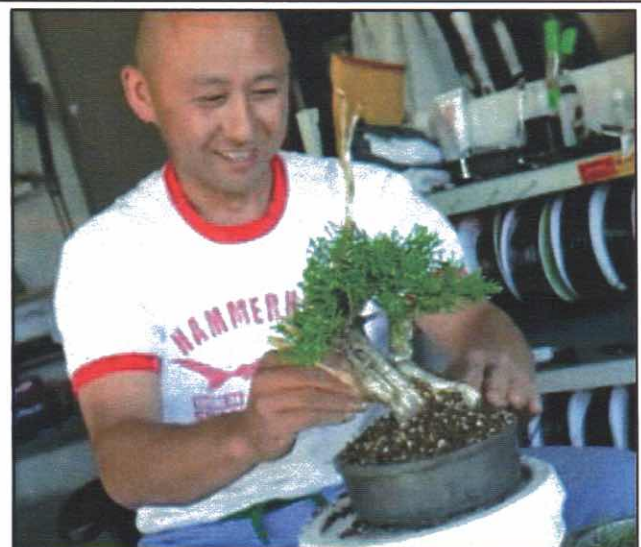

Abe Far

August Program

This month's program will be conducted by John Wang (pronounced Wong). Most of you will remember him from last February's program. His humor and enthusiasm was great. We look forward to more really great bonsai information from him this month.

John did an apprenticeship in Japan, under Seiji Sakurai at Sakurai Sansei-En in Koshigaya, Japan. That kind of experience gave you an amazingly quick learning curve. John did lots of wiring and styling trees, on old valuable client trees and also on really amazing raw stock. He has a well-rounded experience and brings that to us for our continuing bonsai education. It will be great!

Please give me your ideas and requests for future programs as it is now time to start planning for our future. You can e-mail me with any of your thoughts at bunjin54@Yahoo.com.

Editor's Notes

The summer is here and your main concern should be to keep your bonsai happy. Read more on page 4, Marty provides guidance in his article for summer care in Bonsai Ideas #116.

We had a bus trip to Los Angeles and there are a few pics to show the group at San Gabriel Nursery, Chikugo-en Bonsai Nursery (Gary Ishi), and the Roy Nagatoshi Nursery. Everyone had a great time and

There is a GSBF convention coming up in October in Riverside, and we would like to encourage everyone who can make it to attend. Headlines will be Kathy Shaner, Pedro Morales, Roy Nagatoshi, and Ryan Neil. In addition to the headliners, there will be workshops, seminars, demos, excursions and various activities planned. Go to the Golden State Bonsai Federation web site and you will see all the information that you need to plan and make arrangements.

There is change taking place in our club. See Abe's President's message on the cover for more details. While change may be stressful, it occurs in many forms. Learning to manage change in a graceful manner is a key to long life and happiness. Enjoy the August edition of The Bonsai Wire!

Beginner Class

We are starting a new bonsai class, it is the last one for this year. **John Voss** is the teacher this go around. John is a professional nursery man, John has a double degree, in soil science and ornamental horticulture from CalPoly. He then signed up while at collage for a bonsai club on campus. When they closed the club, he asked, where he could get bonsai help and was given the name of **Khan Komai** a teacher that we all knew very well. He has a wonderful nursery and he has also taught beginning bonsai classes. He also had 2, one man bonsai exhibit's while he was at CalPoly. John has been doing bonsai for 30+ years, so he has a lot to share with you.

The material for this set of classes will be trees that were specially picked for you all at **Roy Nagatoshi's nursery**. The trees are *foemina junipers* and you will be learning upright formal style. **Roy** also is one of the head liners at the up coming GSBF convention in Riverside. Please *bring soft gloves* with you to all 3 classes. Please call 760-445-2548 (e-mail *caryme2@yahoo.com Cary*) to get your name on the list. There are still a few spaces left. Even if you have taken it before, you will always learn something new.

Intermediate Class

WOW! We are so lucky to have **Jon & Teri Petrescu** sharing with us their slide show trip to China and the BCI Bonsai Convention. Joining them on this trip was **Dave Woodall, Barbara French-Lee, Susan Baker and John & Margret Jackson**. So, we will have many members to help on the sight that you will see. They will share with you Chinnese bonsai, how they were treated like royalty, this for sure you will not want to miss. This is something for everyone and I know you will really enjoy and learn a lot from their slide show. I know we really enjoyed it and really appreciated them sharing this with San Pu Kai meeting last month.

Steve Valentine,
Vice President Education

To the left, you can see the assembly of a bench, which will be used by weary park visitors. As they sit on the bench and gaze at the pavilion scenery and the bonsai, they will easily get lost in the small wonderland of this oasis in the park.

San Diego Bonsai Bonsai Ideas

#116 August, 2011

By Marty Mann

Deciduous trees that have large amounts of foliage need to be moved out of full sun into shaded or partially shaded areas to protect leaf surfaces and fine surface rootage. Keep rotating all full grown material on a regular basis to expose them to even light conditions. Maintain high humidity and good air circulation. These activities protect the bonsai as well as improving the maturing fall colors.

Summer is the time to monitor the Shari and Jin portions of your styled trees. Apply a second application of Lime-Sulfur (Ortho Dormant Spray) to the dampened dead wood areas to protect against wood rot. Avoid seepage of this chemical into the soil and root area. Avoid live wood surfaces. Consider applications of Mini Wax Wood Hardener.

This is not the best time to consider transplanting most material however, certain plants such as Pomegranate, Ficus, Buttonwood, Cotoneaster, Pyracantha and most Bamboos can be repotted or transplanted during the warm weather. Material that had recently been defoliated, such as Maple, Olive, Privet, Zelcova, Ginkgo can be transplanted just prior to the re-emergence of the new growth. Remember that transplanting of any material during these warm months is risky but it can be done if proper after-care is taken. Keep them cool and not too wet. Generally speaking, anything done during the summer months should be done with restraint and proper attention given to the effect of warm weather.

Propagation by cuttings of softwood or semi-hardwood material can be done in July. Keep cuttings in shade and in a sandy, moist mixture. Don't rush to transplant any cuttings just because the new signs of growth tell you that they have 'taken'. Let them harden-off first.

This is a period of extraordinary activity for garden pests. The warm air and frequent watering encourages aphids, scale, mealy bugs, red spider mites, and, fungus-both above and below ground level. Keep at them all with insecticides; Malathion, Isotox, Sevin, and fungicides-Triazicide, Ortho Funginex, or Ortho Garden Disease Control. Each is designed to do its own thing. Read the product labels carefully.

Now, the last important *seasonal suggestion*. Vacationing bonsaiists must rely upon automatic water systems or the 'good will' assistance of bonsai friends to care for the trees. Don't trust the automatic watering system without the back-up of someone who can check from time to time to audit its functions. Be reminded that summer vacationing puts an additional burden on the 'bonsai sitters'. A suggestion would be to let them water your trees for you for a few days before you leave to be sure that they are following your instructions. Try

forming a mutual watering pact with fellow bonsaiists. You do for them when you can and they will do for you. It's a great working arrangement and considerably safer than trusting your 'babies' to strangers.

Enjoy your summer and look forward to the beautiful colors of the fall season.

San Diego Bonsai Club Pavilions at the Safari Park

We had a great response from our members for the July workdays at the Bonsai Pavilion. Everyone seems to enjoy the larger open spaces for our work each time. There is more space around each bonsai and definitely more space in the garden. Many more visitors enjoy strolling up and down across the bridges and perusing the identification cards as they view the bonsai and talk with our Safari shirted volunteers.

Of course, there is much more routine work for all too. The summer weeds filled over a dozen trash barrels, the paths needed raking, the bridges needed sweeping, the irrigation lines needed checking, and the precious bonsai needed more trimming, wiring, styling, fertilizing, and cleaning. Also, two more sitting benches were built and placed: one at the entrance area and another by the waterfall. These maintenance efforts have all been done by our most valued volunteers. Thanks this past month to: **Neal Auwarter, Susan Baker, Judy Barnhurst, Allan Burrows, Andres & Martha Choy, Cathy & Mark Edgar, Maria & Tina Flores, Joyce Goldman, John Jackson, Jim Kirchmer, Marty Mann, Charlie Mosse, Patrick O'Brien, Jon & Terri Petrescu, Sally Prestele, Harlan & Mary Ann Price, 'lyn Stevenson, Charlie Tamm, Cary & Curator Steve Valentine, Chelle & Forrest Vess, Dennis Wagner, Dave Woodall,** and an anonymous "Dr. Dirt".

AN INVITATION TO PARTICIPATE...

The San Diego Bonsai Club has been in charge of the Bonsai Pavilion at the Wild Animal Park since its inception over 25 years. In 2011, the W.A.P. changed its name to the San Diego Zoo Safari Park. At that time, SDBC also made a change in its location within the Park with the opening of the new Bonsai Pavilion which is almost 4 times larger than the original Pavilion.

—The Club maintains the bonsai, receives donations of money and trees, and helps all the volunteers improve their learning of this wonderful art.

—As a member of the SDBC, you are cordially invited to join this volunteer group.

Special thanks also for the refreshments supplied by Charlie, Cary & Steve, Mary Ann, Cathy & Mark, John, Maria & Tina, and 'lyn. Some volunteers travel a little farther than others to get to the Park but the Choy's make the trip from Tijuana and spend extra time waiting at the border. Great dedication!

At the July 16th session, we also had a meeting to update Pavilion projects, finances, and future plans. We are hopeful the current grant request to the County is approved so we can move ahead with a Shohin/Tokanoma display area. Thanks to the 27 volunteers who participated at this meeting too. The continued camaraderie at these work sessions makes Curator Steve's responsibilities much easier. Call Steve or 'lyn if you have questions or want to join the volunteers. Once you have established your enrollment with the SD Zoo Safari Park Volunteer Program, you will have complimentary entrance.

SDBC-Safari Park Liaison

71ST ANNUAL NISEI WEEK JAPANESE FESTIVAL

There will be a Nampu Kai Bonsai Show taking place at the Japanese American Cultural & Community Center (JACCC) on August 20/21, from 10 am - 5 pm.

The event will take place at the George J. Doizaki Gallery.

Cary S. Valentine

—There is much camaraderie as well as learning and some special privileges involved in being a SAFARI PARK-SDBC volunteer.—Our normal "working" days are the 1st and 3rd Saturdays of each month from 9:00 a.m. to Noon. Some volunteers are there each month and others come only a few times a year.

—There are other days too when we volunteer at the Park since the new Pavilion requires more hands on work to maintain the beautiful garden and additional bonsai.

—Contact Steve Valentine, SDBC Curator, or 'lyn Stevenson, Safari Park-SDBC Liaison, for more information and/or to sign up!

'lyn Stevenson,

Pavilion - Honor Board Recognition

The following contributors should be recognized. We are working to verify and validate their submissions, but did not wish to delay the report any further.

'lyn did receive a \$25.00 donation from **Kiyo Yoneda**, the widow of **Kaz Yoneda** who donated a tree to the Pavilion many years ago.

There was another donation from **Laure Orange** in April, 2011 for \$300 which we are working on verifying.

Also, **Dave Woodall** had made another donation for the Honor Board and I need the verification on that donation from the treasurer.

Steve Valentine had informed me that **Kathy Shaner** should be on the Honor Board at the Pavilion but I do not have information on her donation(s), and we are working on verifying that status.

Many thanks to all of our contributors for their donations.
