April 2019

Message from the President

Barbara French-Lee, SDBC President

What an exciting month for Bonsai. In April we have our monthly meeting with one of our club favorites, **Bob Pressler**. That same weekend, the Coronado Flower Show, gives bonsai growers a chance to earn ribbons in their Bonsai, Hon Non Bo, Saikai and Tray Landscape Division. At the end of the month we have our traditional April Bonsai Show and Sale, dinner and auction with guests from the Los Angeles area. It is a fun and busy month and I hope you can participate in some of the activities. We always need your help to make our club the best.

A big thanks to **Mark** and **Cathy Edgar**, **Abe Far** and **John Jackson** for showing the art and horticulture of bonsai as they worked on their trees and answered questions in front of the Art Museum

Bob Pressler

Abe Far, SDBC 1st VP

Robert (Bob) Pressler has been the owner of Kimura Bonsai Nursery in Los Angeles since 1996. He is a member of the California Bonsai Society and **John Naka's** club, Nampu

Kai. He has studied with a variety of teachers, starting informally with **Frank Okamura** at the Brooklyn Botanical gardens in the early 70s when he was a boy. He moved to California in 1984 and a couple of years later met **John Naka**, **Ben Oki** and the whole crowd of Southern California bonsai artists and clubs. In California, he expanded his skills and had the opportunity to share

in Balboa Park. This was part of the Art Museum's celebration of their Asian Arts Collection at their Front Steps community event.

The rain water has been great for our trees and now we are doing a lot of repotting, pruning and feeding. It is also time to watch closely for disease and insects. A magnifying loop is helpful to find the tiny insects. If you need help with your bonsai don't forget we have bonsai experts available to you at our meeting. Also if you are interested in participating in regular classes outside of club meetings with one of the club's bonsai teachers speak with one of the Board Members.

Hope to see you at our events.

SDBC Education:

Bill Graham, SDBC VP of Education

April is here and Spring has finally sprung! It has been a long wet winter and I think my trees are really happy get some warmth! New growth is coming in and I am sure your trees have new growth too. Our first Beginners class of the year has completed and I saw some nice bonsai in the making. I hope everyone who took the class enjoyed it and will continue with their studies. Thank you to **Brenda Crann** and her assistants for doing such an outstanding job! This was **Brenda's** first time leading a full session and she did a fantastic job!!!

The Japanese Black Pine Workshop was a success. As usual, **Fred Miyahara**, with assistance from **Dennis Wagner**, did a fantastic job. The trees are young, but have good bones and are a nice start to future bonsai. I look forward to seeing your trees when you have developed them some more.

Beginning Classes:

Our second Beginning Class of the year starts this month, April, with the second and third classes in June and July (there is no May class as we have our meeting and picnic at the Safari Park). Our instructor will be a **Mas Takanashi** Grant program graduate, **Susan Ronan**. You will be working on some very nice boxwoods. This will be a great class! THIS CLASS IS COMPLETELY SOLD OUT!

New members are always excited about taking the beginners classes, and several have asked to be put on a waiting list for the next class. If you are a new member please note that sign-up sheets for all classes and workshops are first available at the Bonsai Club meeting TWO months before the classes/workshops are held. We do not start a waiting list until after the sign-up sheet has been put out at the meeting and filled.

Intermediate Skills Workshops

April Workshop – Accent Plants and Kusamono:

We have a little different and exciting workshop scheduled for April. **Cathy Edgar** is going to lead us in the creation of accent plants and kusamono. **Cathy** has many years' experience creating these small and delicate designs. All of her trees at

our shows are accompanied by accent plants of her own design and creation. **Cathy** has gone so far as to have a complete display of just accent plants and kusamono that was truly a pleasure to see. She provides many examples for sale at our shows and they are always a hit, selling out quickly. **Cathy** has been propagating plants and has pots from **Jim Barrett** just for this class. You will make a total of 3 different compositions. It will truly be a treat!! The cost is only \$45.00 and the sign-up sheet will be at the February meeting.

There is no workshop in May due to meeting at the Safari Park.

June Workshop – Serissa japonica – Snowrose or Tree of a Thousand Stars:

Abe Far will lead us in working on some nice Serissa japonica, commonly known as the Tree of a Thousand Stars!

These small trees have nice bark, bloom profusely with small, white rose like flowers. When it is in bloom, it is really very impressive! The sign-up sheet will be at the April meeting. The class is limited to ten attendees. The cost is \$40.00

July Workshop – Large Junipers:

We have some nice large junipers for July. **Neil Auwarter** will be leading a class of six working on trees that all have a solid 2" or more trunk. If you were at the December meeting, you saw some fine examples of these trees used in the annual Styling Competition. **Neil** and his partners took second place and created a really nice tree (which will be auctioned off at the April Meeting!) The sign-up sheet will be started at the May meeting. This class is limited to 6 attendees and the cost will be \$100.00.

Reminder

A reminder that all beginning classes, workshops and skills classes are taught from 8:30 am to 10:15 am (unless a time change is specified) on club meeting days at Balboa Park. Also, don't forget to bring any trees that you would like some help or advice on from our excellent bonsai masters at the club. Help is located in the back of room 101 to the right of the stage.

If you have any ideas that can improve our programs or have skills that you would like to share please contact me at the monthly meeting or at wfgraham3rd@gmail.com.

Spring Show April 27-28, 2019

Kyle Icke, VP for Special Projects

The annual Spring Bonsai Show and Sale is coming up at the end of the month on Saturday and Sunday, April 27 and 28th. This is an opportunity for you to show off some of your plants and to buy some more! Friday, April 26th in the afternoon will be the time to bring trees to display for the show and also to bring trees that you want to sell.

Volunteers Needed!

Please consider bringing donations for the raffle table as this will be a great opportunity for us to make some money for the club and to show what an awesome organization we are.

There are still lots of **volunteer opportunities** to sign up for at the upcoming April meeting.

Volunteers for Saturday and Sunday, please come early. The show is from 10:00 am to 5:00 pm but we will need to be at the park early to set things up, put out flags and banners and signs etc.

On Thursday, April 25, there's going to be a club special event dinner for the folks coming down from LA and for all of us bonsai members in San Diego. At the next meeting, along with the volunteer sheets, there will be a sign up sheet for everyone to bring a dessert or a side dish, potluck style. The club is going to provide the main dish and it's going to be really good. If you are planning to come to the dinner, we hope you'll also bring something for the raffle table in addition to the dish you signed up for.

SAN DIEGO BONSAI PAVILION

SAFARI PARK

This will be our 8th anniversary since the opening of this newest Bonsai Pavilion at Safari Park. It is also very special since our relationship with the San Diego Zoo many years ago resulted in the first Bonsai facility opened to the public in the Western USA. We usually forget that statistic but the Park reminded us again! Congratulations SDBC and San Pu Kai!

It's a wonderful time of the year for bonsai transplanting and repotting! All the volunteers have also enjoyed sharing this bonsai activity with visitors to the Pavilion during our March sessions although rain curtailed some of the demos. As long as we have more repotting to do, we may continue to share these events with our visitors in the springtime.

Thanks to March volunteers: *Jenny Chin, Julia Chow, Cathy & Mark Edgar, John Jackson, Susan & Jim Kirchmer, Janet & John Liggett, Carla Marasco, Janet & Ron Palmer, Shawn Palmer, Sally Prestele, Clare & Ron Roberts, Dan Sola, 'lyn Stevenson, Yoichiro Suichiro, and Dave Woodall.*

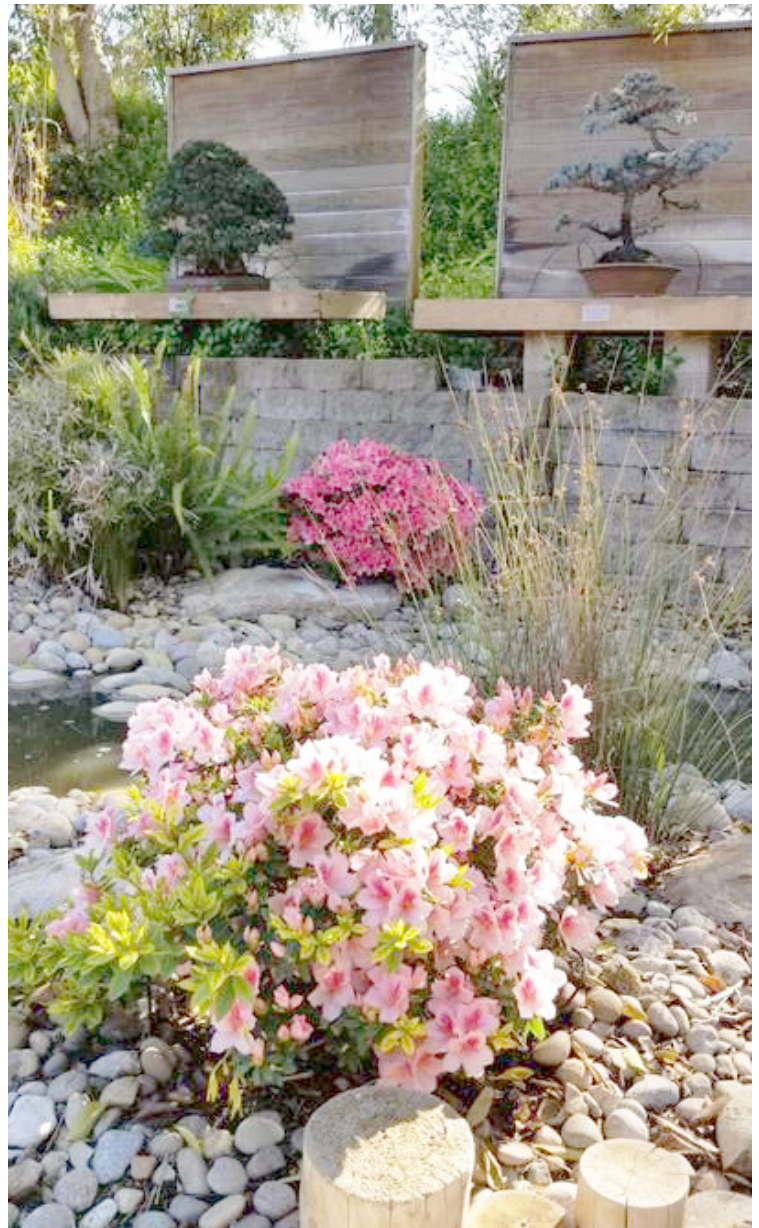

Thanks also for the welcome refreshments from the Safari Park Volunteer Office, *the Palmers, Jenny, 'lyn, John, Cathy, and Carla.*

Among the March repots, were long time donations from *B.J. Patterson* (formal upright bald cypress), *Stan Childs* (pomegranate group planting) and a cork elm donation from *Dave Woodall*. It's always special to remember these past and current donors of the fabulous bonsai.

Curator *John, Cathy & Mark* spent an extra Saturday constructing the permanent backdrops behind the bonsai tables at the back end of the Pavilion. *Jim* had to purchase more wood for the project but the panels have come together beautifully. Thanks to all the February and March volunteers who are now proficient carpenters and engineers even if their bonsai expertise had not called for those credentials.

Looking forward to all the SDBC members attending and participating in the May Pavilion meeting and auction.

It's always a wonderful event. Be sure to sign up for admission and parking at the April SDBC meeting.

Charlie's azalias in bloom.

Liaison to the Pavilion at Safari Park*

Neil Auwarter, JFG Curator

Many thanks to March JFG volunteers **Barbara French-Lee**, **Maryanne & Harlan Price**, **Yoishiro "Mori" Suemori**, **Kristie Williams**, and **Ignacio De La Torre**.

Spring has sprung in the garden, and even our most reluctant deciduous trees are popping. The most reluctant of all, the big **John Jackson** Trident maple, put out a single leaf last week; like Punxsutawney Phil, it seems to be assessing the weather to decide if six more weeks of winter are in store.

Thousands of guests poured through the JFG March 22-24 for the annual Cherry Blossom Festival. Visitors were rewarded by a timely

Bees on cherry blossoms at the JFG

bloom of the cherry trees (see photo) and a host of exhibits, performances, and food. **Kristie Williams** spent most of Saturday during the festival working and docenting in the collection. JFG staff erected a rope barrier to protect the collection from the crowd; a modified version of the barrier will remain in place going forward to prevent guests from entering the pedestal display area.

Another recent addition to the garden is the imposing temple guardian statue installed directly across the path from the bonsai collection. (See photo.) This is **Angyo**, one of two Kongorikishi that traditionally guard Buddhist temples. His bared teeth symbolize violence, while the closed mouth of his companion **Ungyo** symbolizes latent strength. Hopefully, **Angyo's** menacing presence--together with the new rope barrier--will discourage guests from touching the trees. It has been a problem!

This month JFG staff will build a new bench to allow us

New JFG bonsai collection guardian, Angyo

to move the big **Frank Dixon** Japanese black pine to a more prominent and sunny location; and they will raise the height of the bench that houses the **Ragle** foemina forest. Happy springtime!

New Issues of Bonsai Focus and Bonsai: Journal of the American Bonsai Society are Now Available for Checking Out

Sonya Holmquist, Librarian

As was so aptly demonstrated by last month's guest, Uyen Truong, sketching various possibilities for designing a tree is a great way to clarify your options. An ongoing feature in Bonsai Focus is "Sketch Design" by Jan Culek. In the Jan/Feb issue, he sketches two dramatically different versions for a creating a cascading juniper, both using rock containers for a natural look.

Grafting is always an intriguing option for improving a tree. The Jan/Feb issue has another article in Andrea Meriggoli's ongoing series on bonsai maples. In this issue, she focuses on encouraging back budding and creating scions for future grafts. The March/April issue has an article by Harry Harrington on improving the nebari of maple through thread and approach grafting.

In the latest issue of Bonsai: Journal of the American Bonsai Society, Morton Albek styles a juniper shohin bonsai from raw material. We have Albek's Shohin Bonsai: Majesty in Miniature, Unlocking the Secrets of Small Trees in our library. Albek also has a 16 session online "Shohin Bonsai Course"; two lectures can be previewed for free at www.bonsaiempire.com/courses/shohin-course.
